

Invitation for a public viewing session on our Community Building

Feasibility study commissioned by Redenhall with Harleston Town Council relating to our community building.

You're warmly invited to join us in the social room at Harleston Leisure Centre on Wednesday, 16th October, between 11:00 AM and 7:30 PM for a public viewing session.

This is a great chance to explore early ideas and artistic impressions as part of the feasibility study for potential improvements to our community building.

The display boards will be available all day, and from 3:30 PM to 7:30 PM, representatives from Chaplin Farrant, the consultancy working with the Town Council on architectural designs and solutions, will be on hand to answer any questions and gather your feedback.

We'd love to see you there and hear your thoughts!
