Clerk: Mrs. C. Crane

Mythbusting update Harleston Town Football Club Facilities Proposal

This document addresses rumours and questions raised following the Harleston Town Football Club community engagement session (28 April 2026), along with queries received from residents.

KEY POSITION

No formal proposal has been submitted to the Town Council

- No decisions have been made by the Council
- No planning application has been received or considered

DECISION MAKING

Myth: The Council has already agreed to the project

Fact: No formal proposal has been received and no decisions have been made.

PLANNING STATUS

Myth: Planning permission has already been submitted or approved

Fact: No planning application has been submitted. Any application would include public consultation.

DOG EXERCISE AREA

Myth: The dog run will be removed

Fact: No changes have been considered or agreed as no proposal has been submitted.

CAR PARKING

Myth: A larger car park has already been agreed

Fact: No parking proposals have been received or discussed.

TIMELINE

Myth: The project is starting soon

Fact: No timeline is in place. A lease and approvals would be required first.

PROJECT CONTROL

Myth: The Council is leading the project

Fact: This is a Football Club proposal. The Council has not been formally approached.

QUESTIONS

Will there be increased noise?

Any development would be subject to planning controls and noise considerations.

Will parking be affected?

Any impact would be assessed through the planning process.

Will the project benefit the community?

The proposal aims to provide a community facility for wider use.

Could the club relocate?

The club has indicated this is not financially viable.

KEY MESSAGE

At this stage, there is no formal proposal, no decisions have been made, and many circulating claims are incorrect.

The Town Council remains committed to transparency and open decision-making
